Some Wonderful Niagara Falls Words of Wisdom

The natural wonder of the Canadian Horseshoe Falls is one of the most famous waterfalls. With heights of 176 feet, and a colossal 150,000 gallons of water crashing down per second (picture about one million bathtubs filled with water every minute), it is no wonder Niagara Falls is so wondrous.

Niagara Falls is approximately 12,000 years old (and so the history books tell us).

The Falls were created when melting glaciers formed massive fresh-water lakes, called the Great Lakes. One of the

lakes, Lake Erie ran downhill toward another, Lake Ontario. The rushing waters carved out a river in their descent and at one point passed over a steep cliff like formation, the Niagara escarpment. From the original Falls going over the Niagara Escarpment, the water began to wear its way back up the river. The path that it left is known today as the Niagara Gorge, a deeply-cut and very scenic river path.

There are three different Falls that make up Niagara Falls: The American Falls, The Bridal Veil Falls and The Canadian Horseshoe Falls.

Honeymoon Capital of the World

The Bridal Veil Falls is named in honour of our visits from honeymooners. Since 1949, just under 1 Million "Honeymoon Certificates" were signed by the Mayor, which proves that guests spent their official "honeymoon" here.

According to Trip Advisor, Niagara Falls is one of the Top Destinations in Canada.

War of 1812 Bicentennial

Bicentennial Celebrations of the War of 1812 began across Niagara in June 2012 and will continue until February 2015. The three year celebration marks 200 years of peace between Canada and the U.S. The War of 1812 played a pivotal role in the shaping of our nation,

and the impact on the residents of Niagara was tremendous. For three years, the residents of Niagara Falls lived on the front lines of this global conflict, with two major battles (Chippawa and Lundy's Lane) taking place within the boundaries of the present City of Niagara Falls. www.discover1812.com

Cultural Capital of Canada

Niagara's ongoing commitment to its strong cultural integration within the Region has helped earn its designation as the Cultural Capital of Canada for 2012. Local events included the opening of the Niagara Falls History Museum; A Walk Through History Cemeteries Tours; The Carmel Fine Art and Music Festival; and Niagara Falls Night of Art: Creative Currents. www.niagaraculture2012.ca

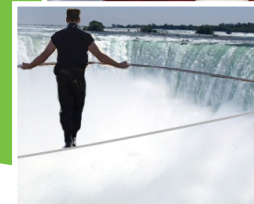

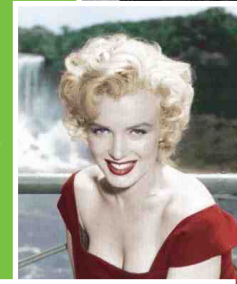

Niagara Falls was one of the #1 Canadian Destinations on Google Maps. Niagara Falls was searched more on Google Maps than any other destination in Canada last summer.

ELECTRICITY

Niagara Falls serves as a major source of electricity for Ontario. Hydro Electricity generated in Niagara Falls at the Sir Adam Beck 1 and Sir Adam Beck 2 power stations from redirected waterflow serves the electrical needs of Southern Ontario and Western New York.

FAMOUS

Niagara Falls is famous on the Big Screen. Well known for its leading roles in "Niagara," featuring Marilyn Monroe in 1953 and "Superman II," featuring Christopher Reeve and Margot Kidder. Niagara Falls receives a best supporting role in "Pirates of the Caribbean: At World's End" in the scene that shows the ship going over a waterfall. James Cameron, Canadian Film Director and Producer, and winner of three Academy Awards for Titanic, grew up in Chippawa, Ontario (just minutes from Niagara Falls).

DAREDEVILS

Famous Address for Thrill Seekers, Attention-Seekers or as we like to call them Daredevils. Annie Taylor, "Queen of the Mist" was the 63 year old school teacher, who was looking for fame and fortune when she went over the Falls in a barrel along with her cat on October 24th, 1901. Jean Francois Gravelet, or "The Great Blondin" was the first of many tightrope walkers to cross the gorge of the Niagara River on a tightrope and live to tell his story.

Sought out by the Stars

Niagara Falls has been on the radar of many celebrities and politicians around the world for centuries: King Henry VI, Charles Dickens, Mark Twain, Shirley Temple, Princess Margaret, Princess Diana with Prince William and Prince Harry, Christopher Reeve...the list is endless.

2012 was a Big Year for Famous Niagara Events

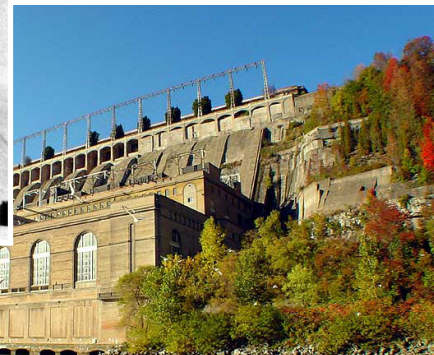

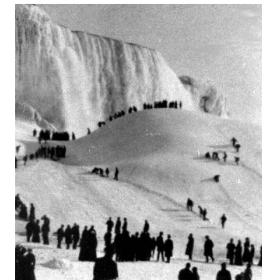

First there was the Wallenda Walk on June 15th, where Nik Wallenda courageously walked across Niagara Falls on a 550 metre wire in 25 minutes. The TV viewership was estimated in the millions.

Next was the Red Bull Crashed Ice Global Tour, which kicked off for the first time in Niagara Falls on December 1st. This event called for extreme winter

sports enthusiasts to race down a 460 metre icy track, four at a time, reaching speeds of 60 km/hr on ice skates. Yes you heard us correctly. Ice Skates.

Flow of Water Stops for a Day

The flow of water was stopped completely over both Falls on March 29th, 1848 due to an ice jam in the upper river for several hours. This is the only known time this has occurred. The Falls did not actually freeze over, but the flow was stopped to the point where people actually walked out and recovered artifacts from the riverbed.

We want your time here to be the most enjoyable it can be, so be prepared to get wonderstruck as we share the Top Five Most Refreshing Spring Experiences in Niagara.

#1 Niagara's Wine Country

Wow your taste buds in Niagara's Wine Country. The Niagara Peninsula is one of Ontario's most acclaimed grape growing and winemaking districts. There are ten distinct growing areas that stretch along the rolling hills and back roads of Twenty Valley,

through St. Catharines, to the shelter of the Escarpment in Niagara-on-the-Lake. The most difficult part will be choosing which of the 70 wineries to visit. For the full list, visit www.niagarawineryguide.com. Here's our suggestion, visit them all. After all, research has proven that red wine (in particular) is full of antioxidants which may be beneficial to your health.

FUN FACT #1

Moderate consumption of red wine is shown to reduce risk of heart disease, stroke and may even reduce the likelihood of developing diabetes.

#2 The Great Outdoors

Niagara Nature. Golfing, Biking, Hiking. Niagara is well-known for our natural wonder, Niagara Falls, but many people are unaware of our other natural beauty, the great outdoors, compliments of Mother Nature.

Golf - Niagara has joined the ranks of the world's premier golf destinations in terms of challenge, design aesthetics, course

conditioning, facilities and service. The Top Five Recommended Courses: Grand Niagara, Hunters Pointe, Legends on the Niagara, Whirlpool and Peninsula Lakes.

Walk, Hike or Bike

Walking has been

identified as one of the favourite physical activities of Canadians. The Niagara Region has many recreational trails that are perfect for walking, hiking or biking. The next time you are in town, be sure to pack your hiking shoes, sunscreen, plenty of H2O and we'll provide the incredible scenery. Here are our top two "must-tackle" trails.

The Niagara Escarpment (a UNESCO World Biosphere Reserve) is the top of the list for hikers. It's a world unto itself, encompassing farms, recreation areas, sweeping scenic views,

1675 foot cliffs, streams, wetlands, rolling hills, waterfalls, wildlife and so much history. The Niagara Escarpment's hiking trail is most commonly known as the Bruce Trail, which starts at Queenston Heights and takes a diagonal path 773 km through Southern Ontario to the tip, Tobermory on the Bruce Trail.

The Niagara River Recreation Trail
This 56 km scenic paved trail runs parallel to the Niagara River from historic Fort Erie in the South to Fort George in the North. At the halfway point, you can't miss the natural wonder, Niagara Falls.

Looking for bike rentals? Visit Mac's Bike Rentals, which is conveniently located just outside the hotel grounds. Explore Niagara at your own pace or ask about their self-guided tours. www.macsbikesniagara.com

#3 Family Fun Entertainment

Niagara Falls has become one of the most popular destinations for family fun. It is a city full of entertaining and fun experiences, "funtertainment" as we like to call it. From man-made attractions to Mother Nature inspired creations, you'll never hear the words "I'm Bored" in this city.

Man-Made Attractions

Clifton Hill is definitely a contrast to the majestic natural wonder, but it receives 10 out of 10 scores from children of all ages on the fun factor. It is definitely the "Street of Fun."

From the fun houses to the haunted houses to the Niagara SkyWheel, this street will have your children entertained for hours.

www.cliftonhill.com/attractions

Mother Nature Inspired

Niagara Falls is also home to some more educational attractions that are both parent and kid-friendly.

The Bird Kingdom is truly a tropical adventure. They are the world's largest free-flying indoor aviary, featuring 400 birds flying free in 50,000 square feet of tropical rainforest, a 40 foot waterfall, tropical plants, exotic reptiles and so much more.

The Butterfly Conservatory is located on the grounds of the Botanical Gardens. This magical attraction features more than 2000 colourful, tropical butterflies floating freely in a rainforest setting. During your visit, you may even get to experience the very first flight of a butterfly through the Emergence window.

Hornblower Niagara Cruises is the ultimate way to experience Niagara Falls. This is an attraction which is both Man-Made and Mother Nature inspired. With four cruise options to choose from (Legendary Boat Tour, Sunset Cocktail Cruise, Falls Illumination Cruise or Falls Fireworks Cruise), these half hour journeys will be the thrill of a lifetime. Hornblower will be your tour guide as you cruise in style past the Great Gorge, American Falls, Bridal Veil Falls and Horseshoe Falls.

FUN FACT #3

Clifton Hill owes its name to Captain Ogden Creighton, a half-pay officer in the British army who had served with the 70th and 81st Regiments in various parts of the world. He had plans for a town site with custom homes which he named Clifton, presumably after Clifton on the gorge of the River Avon in Bristol, England.

FUN FACT #5

New Year's Eve is one of the most exciting events in Niagara Falls. It's one of the largest FREE events in Canada. Hosted by ET Canada and filled with performances from a variety of talented musicians, fireworks and the beautiful natural wonder as your backdrop.

Live Like the Locals for a Day.

We want to invite you to walk in the shoes of a Niagarian for a day. Dine where we dine. Shop where we shop and discover why it is that we love this place we call home. Dorothy was right when she tapped her ruby reds, "There's no place like home."

Here are some of Niagara's best kept secrets:

Dine

Niagara is stacked with delicious flavours.

Steak and Seafood

For the best steaks and seafood in town, take 10 steps to our very own Keg Steakhouse & Bar, located in our hotel lobby. Take an intimate atmosphere and pair it with some of the most mouth-watering, grilled to your liking steak and succulent seafood and our local Niagara wines...Delicious. Did we mention our limited time, Lobster Summer menu is on only until August 31st. May we tempt your taste buds with our Lobster Gratinée or Lobster Manhattan? That's right, only 10 steps away.

Casual Comfort Food Classics

If you are craving casual comfort food classics, then get ready for a journey full of flavour at T.G.I. Friday's: Buffalo Wings, Chicken Quesadillas, Jack Daniel's Burgers, Sizzling Chicken and Cheese, Cajun Chicken and Shrimp Pasta, Baby Back Ribs and so much more. In Here It's Always Friday and Always Fun for Families and Friends.

Pizza

Antica Pizzeria is famous amongst the locals for the best wood fired napoletana in Niagara Falls. With over 20 different kinds, the hardest part will be deciding which one to try.

Mexican Inspired Food

Take a short drive outside of the tourist area for the best Mexican in Niagara, Frijoles Fresh Mex. The ingredients are so simple, yet so fresh. From their custom made Burritos, to their American or Baja Style Tacos, this hot spot is one you'll be writing home about.

Asian Influenced Cuisine

Suisha Gardens, nestled just behind the heart of the entertainment district, features a sushi bar, noodle bar and 11 teppan yaki tables. Start practicing your chopstick skills and pack along your appetite for some of the most flavourful Spicy Tuna & Dynamite Rolls, Tempura Udon Soup, Hibachi Steak and Teppan Scallops.

Great Flavour from the Greek Gods

Opa! Koutouki is one of those 'word of mouth' restaurants that you have to experience. Their neighbour-like friendly service, generous portions and tasty food (Spanakotiropita, Elliniki, Kalamaria, Saganaki), will have you craving these flavours from the Greek Gods of Niagara.

Decadent Desserts

Bella Cakes Niagara provides delicious creations that will make your sweet tooth happy. Have something in particular in mind? Just ask and they'll create it.

Healthy Treats

CC Swirls has the attention of our taste buds. Their concept is simple, but so delicious and fun. Let your imagination wander. Just pick your favourite healthy yogurt flavours, add your swirliest toppings, weigh your cravings and enjoy!

Retail Therapy

The Outlet Collection at Niagara is a shopping experience like no other. Featuring 100 unique & eclectic retail brands such as Gap, Marshalls, Michael Kors, Adidas, Crocs, Banana Republic, Bench, Coach and so much more. Plus there's an on-site Winery, Wine Country Vintners and ongoing Community Events. www.outletcollectionniagara.ca

Hidden Treasures

Niagara-on-the-Lake, often called the loveliest town in Ontario, has a long and distinguished history. We as locals love to explore the historical sites, delightful retail establishments, quaint cafés and farmer markets. Allow plenty of time to browse in the shops of the Heritage District, because it's a shopping experience full of hidden treasures.

Jordan Village is also a quaint town brimming with things to do and see. Here you'll experience culinary delights, award-winning wineries, unique shopping, as well as hiking and biking paths.

Virgil is another hidden gem in Niagara, filled with antique shops, boutiques, several fine dining establishments and wineries.

Family Focused Fun

We as locals like to play tourist for a day or two throughout the year and love to visit the Butterfly Conservatory, Clifton Hill, Bird Kingdom and many of the attractions mentioned under family fun entertainment. Niagara is definitely a place full of family focused fun. Another great place to take the family for the day is Safari Niagara. This 100-acre, privately owned and operated nature park, is home to more than 500 animals, reptiles, and birds. Heartland Forest is not only a partner, but is truly a unique nature attraction local families love to visit. It's where fun meets education.

Adventure

Many of the top wonderstruck experiences are also some of the locals' favourite spots to frequent. From hitting the greens to sipping wine in Wine Country and all of the weekly festivals and events, we truly love this place we call home.

Nightlife

It just happens that some of the best Nightlife in Niagara is just footsteps away from the hotel. Niagara's Bar District is the ultimate nightclub experience consisting of Jack's Cantina, the Spicy Olive Bar and Grille, Yank's Old Niagara Bar & Grill and Blush Ultra Lounge. It's also known as the Centre Street Shuffle, as you can literally shuffle from bar to bar.
